

Miles to go...

# Miles to Go

Oh, foo... went too far this time.

Way too much eye makeup, but it will probably wash off.

Which is more than I can say about this hairstyle.

Who would've thought you could get volume like this from a home perm?

What am I gonna do? I have to go to work tomorrow.

I don't believe this... I look like a slutty version of my sister. How the heck did that happen?

But if I look like her, that means...

I can pass! At long last, I can--

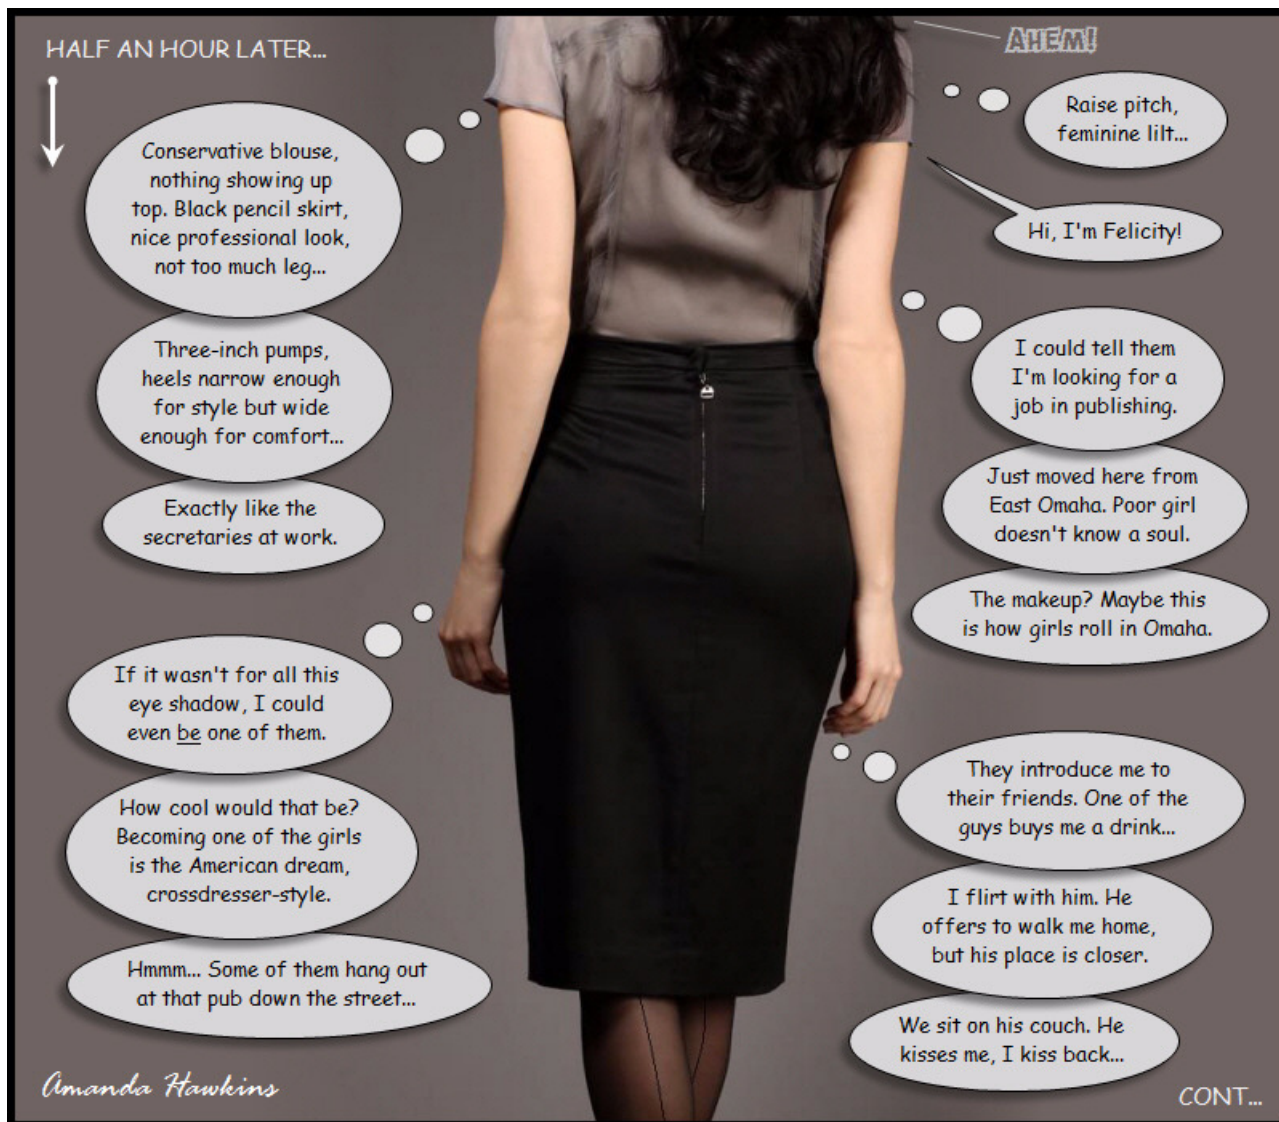

I can finally go outside... en femme.

Screw the job...

## And promises to keep...

THE VERY NEXT DAY...

Champagne, hors d'oeuvres...  
Salons are totally awesome.  
Should've done this years ago.

All right, Felicity, that  
should just about do it.

I don't know why such a  
heavy look would be so  
popular in Omaha, but it's  
certainly not appropriate  
for a girl's wedding day.

Being the  
bride is pretty  
awesome too.

Too bad  
that part  
was a fib.

Thank goodness I  
hung on to Mom's  
wedding dress.

I did promise her I'd  
put it to good use...

This might not be what she had  
in mind, but it'll have to do.

Thank you so much. Now I can  
keep a promise I made to myself.

A quick change  
of clothes and  
then it's straight  
back to that pub.

No one's gonna  
be laughing this  
time around.

That's a promise.
