AMBROSIA FOR YOUR LIPS: HUNGRY FOR THE WOLF...

Oh my God. This is, like... the most delicious thing I've ever tasted. I know it's only for my lips, but my mouth wants more. One more coat and that's it. Oh man... this stuff tastes like... like being a woman.

It's done. I have female lips. I have a woman's mouth, for real. My whole face looks different.

I guess another coat wouldn't hurt. OMG, the taste is amazing. It... it's like I'm walking around outside and smiling and everyone thinks I'm a real woman and isn't that just the best feeling? Ever?

Oh my... lips like these deserve to be kissed. By a man, of course... I wonder if I taste like a woman too, to someone else... I bet I do.

Oh christ... I'm gonna do this; go out and find some guy to kiss me.

Better bring the lippy. I'm so gonna need it to freshen up...
